Glasgow Homelessness Network

“The decision is made for you
before you walk into that
surgery”

Findings – people experiencing homelessness

- **P**articipation (lack of participation)
- **A**ccountability (Negative experience of services, poor service response, barriers to accessing services)
- **N**on-discrimination (stigma, being judged, lack of respect, lack of dignity, not being listened to)
- **E**mpowerment (Difficulty making complaints, lack of knowledge about rights, value of lived experience)
- **L**egality (Poor information on rights and entitlements)

UNIVERSITY of STRATHCLYDE
**INTERNATIONAL PUBLIC
POLICY INSTITUTE**

CENTRE FOR HEALTH POLICY

“Everyone talks about you have a right..you have a right to this in the UK, you have a right to that... where is it?”

Findings – asylum seekers and refugees

- **P**articipation (varied experiences of participation)
- **A**ccountability (good experience of services, lack of continuity of care, underestimating impact of seeking asylum on health)
- **N**on-discrimination (stigma, racism/islamophobia, language barriers)
- **E**mpowerment (Good knowledge of rights and access to information, poor knowledge of rights, difficulty making complaints)
- **L**egality (rights violated, asylum process)

Recommendations – health and homelessness

- Challenge stigma and negative stereotyping
- Promote knowledge of rights and how to claim them
- Improve complaints mechanisms

Mental Health
Foundation

UNIVERSITY of STRATHCLYDE
**INTERNATIONAL PUBLIC
POLICY INSTITUTE**

CENTRE FOR HEALTH POLICY

Recommendations – health and homelessness

- Better access to mental health outreach
- Increase participation of people with lived experience in homelessness services
- Co-ordinate responses to intervene earlier and address complexity

Mental Health
Foundation

Recommendations - women refugees/asylum seekers

- Address impact of asylum system on mental health as a priority
- Extend and sustain funding for groups that support wellbeing of women refugees
- Build anti discrimination into person

centred practice
Mental Health
Foundation

Recommendations – primary care

- Improve practice on use of interpreters
- Mainstream use of peer advocacy workers within services – link worker model?
- Tell people their rights in an accessible way
- Train staff about asylum process

SNAP – Health and
Social Care Action
Group

Conclusions and next steps

- Mental health a key priority
- Untapped potential of people with lived experience in research and advocacy for improvement
- Film of experiences to raise awareness & event with Health and Social Care Academy
