Guided by the Community
Led Support Framework

Using the framework of CLS

1. Personal

My first questions is

**What makes a good day for
you?**

2. People

My second question is

“What’s working well in your life at the moment? ie people in your life and any gifts you may have”

Next is places and spaces

I then go on to ask question 3

“What is available for you to access in your community?”

Then public and paid

Question 4 is

“What help or support are you currently receiving?”

This takes onto question 5

**“What would you like to change
and how can we help you achieve
this?”**

Conclusion

These questions help open up a dialogue and helps the patient figure out what they need in order to live the life they aspire to!
